SCUBA DIVING

The Philippines is to scuba divers what Switzerland is to skiers, Hawaii to surfers and Nepal to mountaineers: is a place you must visit at least once, to get the real heart of the sport. The country is a veritable smorgasboard of world-class dive sites set in a lush tropical environment with all the trappings you could wish for. Statistics from the Philippine Department of Tourism indicate that divers visiting the Philippines return for an average of 10 trips each which speaks volume about the quality of the dive sites and the professionalism of the operators.

A deposit of \$850 is required to secure your reservation. Price based on current exchange rates, airfares & fuel surcharges and subject to change until ticketed. **Trip Insurance is Highly recommended**, brochures available from Rick's or visit our website. Passport Required.
